

Manchu Iron Works Power Station

Description

Manchu Iron Works Power Station Number 3 showing partial removals from boilers for the above turbo-generators. Coal feeding equipment, grates and some auxiliary equipment were removed by Soviets during occupation. Boiler tubes remain. Photograph taken during the U.S. Reparations Mission. Edwin Pauley was the U.S. Ambassador on the Allied Reparations Committee from 1945-47 (the committee that assessed the reparations the Axis powers could afford to pay the victors).
